

## Award Winning Science Software

Sunflower for Science is extremely rich, interactive software for secondary science. It helps you with the “tricky” bits of science: difficult concepts, experiments that are hard to do and understand, and seeing the big picture by connecting scientific ideas

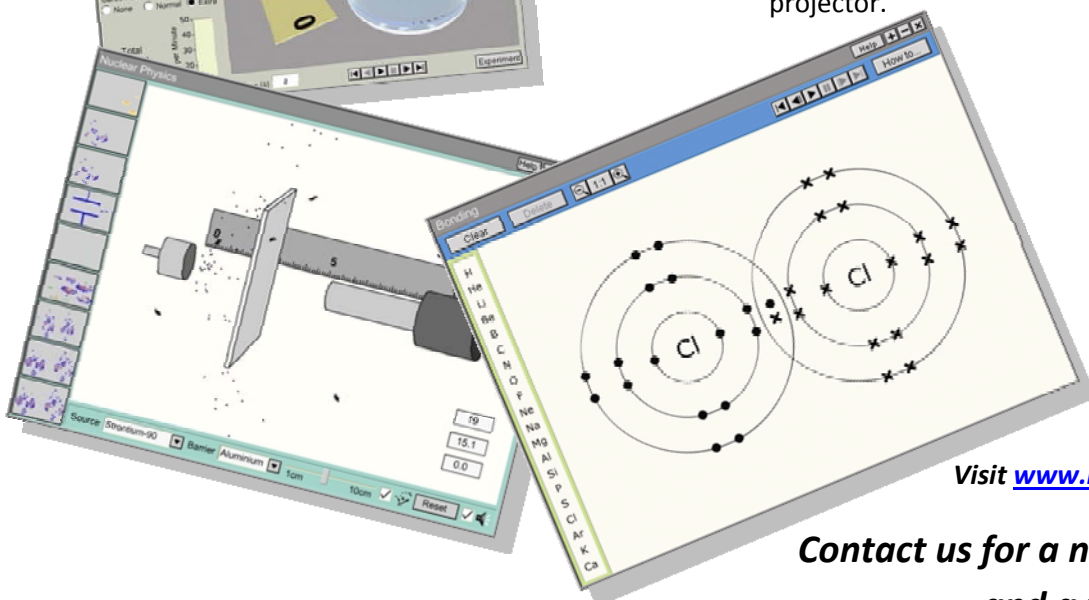

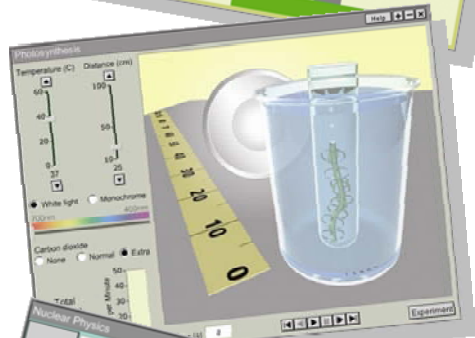

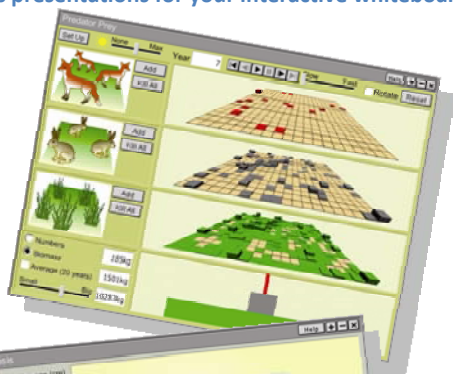

... rich animations to illustrate science

... highly interactive simulations to investigate

... glorious presentations for your interactive whiteboard

### What is it?

Sunflower for Science is a suite of 27 interactive multimedia programmes covering all three sciences with extra tools to help explore each topic further.

With lots of features built in to challenge young minds, it will keep the students asking “what if”?

It comes with a wealth of resources to help you integrate it into everyday lessons...

- Examples
- Activities
- 144 different worksheets
- Sample lessons
- Self marking quizzes

**\*PRICES\***

**\*REDUCED\***

### Who is it for?

Sunflower for Science is so easy and flexible, it’s great for...

- Teachers who are not so confident with ICT, with lots of features for the more advanced user.
- Staff teaching outside their specialist area, because of all the supporting resources.
- Enthusiasts who’ll love the way Sunflower rewards exploration of topics and encourage both students and teachers to think creatively.
- Students who can work through the activities and simulations independently, or as part of a group.
- Teachers who like to use software in the network room, on an interactive whiteboard, or simply through a projector.

“ It is not just an interactive whiteboard tool, not just software students can use and learn from, nor just a simulation tool that students can investigate with. It is all of these and it delivers on all counts ”

# Sunflower Learning Science Software Order Form

January 2010

## OPTION 1: Choose individual programmes (**Site Licence**) at €95 +VAT@21% (€114.95) each.

<b>Biology</b>	<b>Code</b>	<b>Chemistry</b>	<b>Code</b>	<b>Physics</b>	<b>Code</b>	<b>Tools</b>	<b>Code</b>
<input type="checkbox"/> Cell	AECE	<input type="checkbox"/> Atoms & Ions	AEAI	<input type="checkbox"/> Colour	AECO	<input type="checkbox"/> Data Analyser*	AEDA
<input type="checkbox"/> Circulation	AECI	<input type="checkbox"/> Bonding	AEBO	<input type="checkbox"/> Forces & Motion	AEFO	<input type="checkbox"/> Resource Builder	AERB
<input type="checkbox"/> Digestion	AEDG	<input type="checkbox"/> Diffusion	AEDN	<input type="checkbox"/> Motors & Generators	AEMO	<input type="checkbox"/> Course Mapper	AEMA
<input type="checkbox"/> Enzymes	AECE	<input type="checkbox"/> Dissolving	AEDI	<input type="checkbox"/> Simple Circuits	AESI	<small>*Data Analyser works with Enzymes, Osmosis, Photosynthesis, Diffusion, Dissolving, Periodic Table, Rates of Reaction, Solids, Liquids &amp; Gases, Forces &amp; Motion, Simple Circuits, Sound and Nuclear Physics.</small>  <small>You must have one of these programmes to use it.</small>	
<input type="checkbox"/> Osmosis	AEOS	<input type="checkbox"/> Elements, Compounds, Mixtures	AEEL	<input type="checkbox"/> Sound	AESO		
<input type="checkbox"/> Photosynthesis	AEPY	<input type="checkbox"/> Periodic Table	AEPT	<input type="checkbox"/> Earth in Space	AEE5		
<input type="checkbox"/> Plants	AEPZ	<input type="checkbox"/> Rates of Reaction	AERR	<input type="checkbox"/> Nuclear Physics	AENP		
<input type="checkbox"/> Predator-Prey	AEPW	<input type="checkbox"/> Solids, Liquids, Gases	AEKT	<input type="checkbox"/> Waves	AEWA		

Number of individual programmes (site licence) \_\_\_\_\_ X €95 € \_\_\_\_\_

Postage & Packing free on orders over €300 otherwise add €10 € \_\_\_\_\_

VAT at 21% € \_\_\_\_\_

**\* PRICES \*  
\* REDUCED \***

**Two Options When Buying Sunflower**

**OPTION 1:** Choose individual titles listed above

**OPTION 2:** Choose complete programmes listed below

## OPTION 2: Choose complete programmes available on **Site Licence** or **Online Licence**.

Products	Code	Licence Type	Price (Price incl. VAT)	<input type="checkbox"/>
<b>Sunflower for Science</b>	AESSS	<b>Site Licence</b>	€2,255 (€2,728.55)	<input type="checkbox"/>
All 27 programmes (biology, chemistry, physics and tools)	AESSA	<b>Online Licence</b>	€3,585 (€4,337.85)	<input type="checkbox"/>
<b>Sunflower for Biology</b>	AESBS	<b>Site Licence</b>	€925 (€1,119.25)	<input type="checkbox"/>
Eight Biology programmes and tools	AESBA	<b>Online Licence</b>	€1,535 (€1,857.35)	<input type="checkbox"/>
<b>Sunflower for Chemistry</b>	AESCS	<b>Site Licence</b>	€925 (€1,119.25)	<input type="checkbox"/>
Eight Chemistry programmes and tools	AESCA	<b>Online Licence</b>	€1,535 (€1,857.35)	<input type="checkbox"/>
<b>Sunflower for Physics</b>	AESPS	<b>Site Licence</b>	€925 (€1,119.25)	<input type="checkbox"/>
Eight Physics programmes and tools	AESPA	<b>Online Licence</b>	€1,535 (€1,857.35)	<input type="checkbox"/>

**Site Licence** allows you to run software on any computer in your school. The software may also be run on any teachers laptop

**Online Licence** includes the site licence and also allows any student or member of staff to run the software online through our website through your learning platform
